**Linear electric fireplaces** offer a host of benefits that elevate the aesthetics and comfort of any space. Their stylish and sleek design, characterized by clean lines and customizable features, allows them to seamlessly blend into any décor. With their contemporary shape, they effortlessly accommodate the trend of hanging TV's above them, making them a perfect solution for family living spaces. Simply change the ember bed to dramatically transform the look and feel of a linear electric fireplace from ultra-modern to a more traditional, comforting ambiance.

Unlike wood or gas fireplaces, electric fireplaces require no maintenance, and can operate without heat for year-round enjoyment. They are safe for pets and children, as the fireplaces don't get hot to the touch.

NEW!

**Ignite® Evolve**  
Linear Electric Fireplaces

**Comfort & Aesthetic**

*Stunning flames, ember bed and lifelike driftwood work together to create an authentic fire experience.*

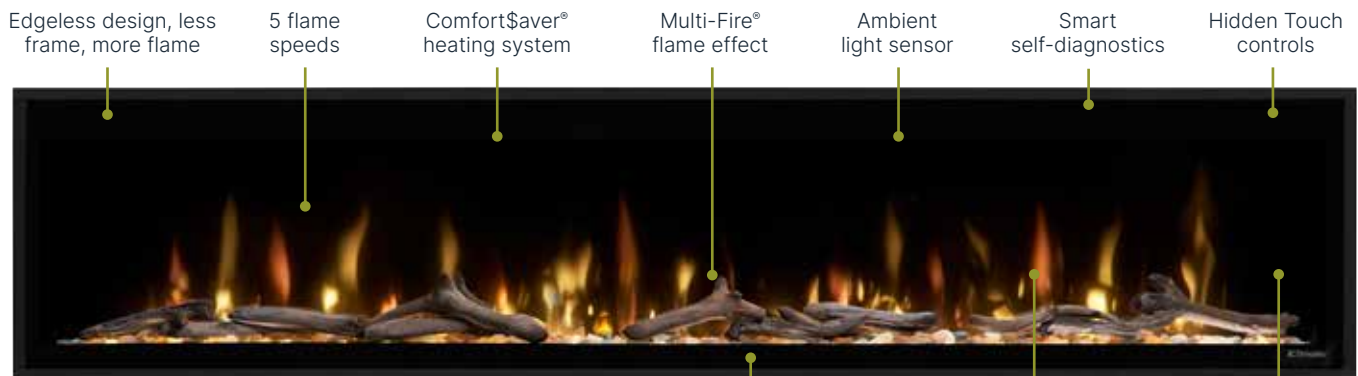

**Energy Efficiency**

*Patented ComfortSaver® technology reduces energy usage while keeping the room temperature stable and cozy.*

**Complete Personalization**

*Endless personalization of the flame speed, color and ember bed to make this fireplace unique to you.*

Key Benefits

Enjoy 365 days with or without heat

Large and medium acrylic crystals, tumbled glass embers and driftwood

Mirrored glass backer to enhance flame effect

11-3/4 (29.7 cm) viewing height

Edgeless design, less frame, more flame

5 flame speeds

Comfort\$aver® heating system

Multi-Fire® flame effect

Ambient light sensor

Smart self-diagnostics

Hidden Touch controls

# SLIM

## SLIM Linear Electric Fireplaces

### Sleek Design

*The tall, dazzling flames have an impressive height, and the patented Dimplex mirror effect provides the illusion of depth.*

### Clean Energy

*No fuel or venting is required. All the energy supplied to the unit is converted into heat, which stays in the room to keep the space warm.*

### Flexible Installation

*Can fit flush into 2x4 framing for simple installation or can be wall-mounted with minimal obtrusion thanks to its slim design.*

Key Benefits

Slim design, installs flush into 2x4 wall

**Electric fireboxes** present a multitude of advantages that make them an ideal choice for enhancing any living space. Their versatile installation options allow them to seamlessly fit into an existing hearth space or be incorporated into custom-built mantels; offering a quick and hassle-free solution to add both warmth and ambiance into your home. These fireplaces complement any design style with multiple options for ember beds from traditional to contemporary to suit any décor style.

Enjoy the comforting glow of a traditional fire without the maintenance hassles of wood or gas fireplaces. Electric fireboxes are a safe choice for children and pets, as they remain cool to the touch. Run them year-round, with or without heat, ensuring a cozy atmosphere in any season.

## Revillusion® Built-in Electric Firebox

### **Timeless Aesthetic**

*The ageless appeal of the fireplace creates an authentic, everlasting impression.*

### **Design with Style**

*Tailor your fireplace to your desired look and feel by selecting between a more traditional or modern aesthetic.*

### **Complete Perspective**

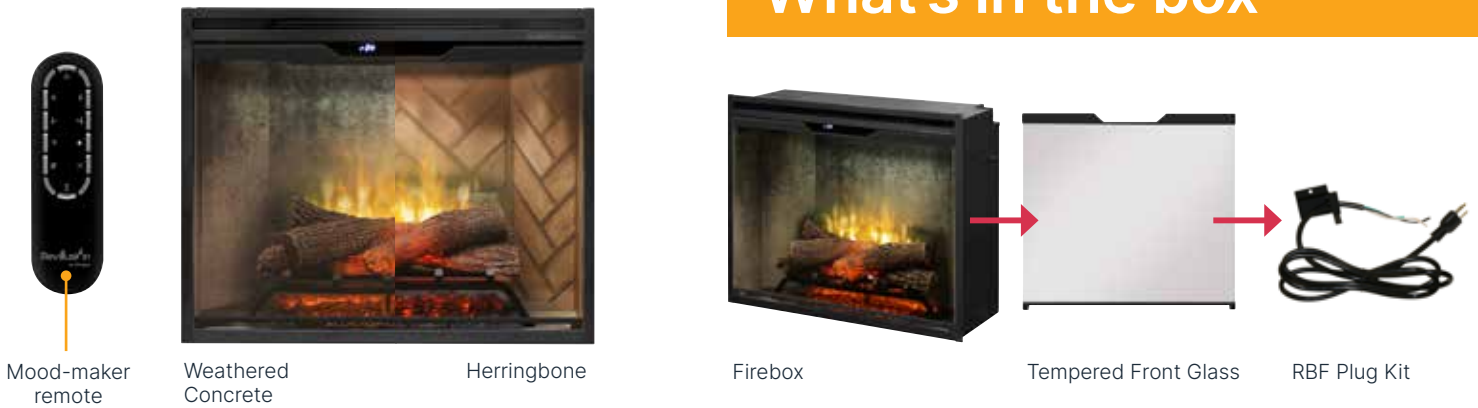

*Enjoy a full-depth view of the fireplace with the ability to see clearly through the flames.*

Elevate the fireplace experience to unprecedented heights with the cutting-edge technology of **water vapor fireplaces**. These innovative fireplaces utilize water and LED lights to craft a truly immersive 3D flame that convincingly mimics the authenticity of genuine wood or gas fires. The pinnacle of true luxury, providing a choice between a pre-built box for effortless installation – just connect to a water and electric source – or cassettes that grant you complete customization in design and orientation. You can even connect multiple cassettes together to create a fully custom dramatic focal piece that transforms your space into a work of art.

The ability to reach out and touch the flames without risk of burning yourself sets this product apart from traditional wood or gas fires. Vapor fireplaces are an incredibly safe option for any space with no noxious gas emissions and cool to the touch flames. Water vapor fireplaces provide stunning realism with simple and inexpensive maintenance, making them the perfect fireplace solution.

# Optimyst® Linear Vapor Fireplace

### **Breathtaking Ambience**

*Optimyst® delivers a world class electric fireplace experience that flawlessly imitates true flames and smoke.*

### **Clean & Sustainable**

*Optimyst requires no fuel or venting as it runs on water and electricity and uses reduced energy for heating.*

### **Unparalleled Experience**

*You'll have a completely unique fire experience through personalization options; no flame shape is the same.*

**Electric fireplace mantels** offer a blend of style and practicality that can transform any living space. These fireplaces are incredibly convenient to install and come in multiple designs and finishes to blend seamlessly with any décor. Fireplace mantels combine the timeless charm of a mantel with the modern convenience of electric heating, making them a popular choice for homeowners seeking both ambiance and functionality in their spaces.

The electric fireplaces within the mantel require no maintenance and offer the flexibility to run year-round with or without heat. They also ensure the safety of everyone around them, especially pets and children, as they remain cool to the touch.

# Featherston

## Electric Fireplace Mantel
